WINS: A Commitment to Nuclear Security Competence

**Dr. Roger Howsley
Executive Director**

**Presentation to the
OSCE Forum for Security Cooperation**

Vienna, 23rd May, 2018

WINS Establishment

WINS is a not-for-profit, International NGO based in Vienna, launched in September 2008 in the margins of the IAEA General Conference.

We employ 13 staff and have an operating budget of approximately 3M Euros/annum provided by Governments, Foundations and Industry.

WINS Vision & Mission

All nuclear and other radiological materials and facilities are effectively secured by demonstrably competent professionals applying best practice to achieve operational excellence

To be the leader in knowledge exchange, professional development and certification for nuclear security management

WINS is a Gender Champion

WINS Programme will focus on identifying and overcoming the barriers to women's greater participation in nuclear security: we need greater diversity to address the evolving threats

Nuclear Security for the Diplomatic Community

WINS is planning on launching a nuclear security course later in 2018 specifically for the Diplomatic Community in Vienna; 3 hours and run every 3 months

Conclusions and Recommendations

- Certified training in Nuclear Security Management is a pre-requisite for effective nuclear security implementation
- WINS provides the only on-line certified nuclear security management programme in the world
- Please support IAEA INFCIRC/901 if you have not already done so, and promote the need for certified professional training with the IAEA.

Thank you for your attention
