

Information Sharing Environment

Public and Private Sector

The Challenge

Establishing Forward Momentum

- Who needs what?
- How quickly do they need it?
- How do you get it to them?
- Were their needs met?
- Feedback?

The Mechanism

Fusion centers operate as state and major urban area focal points for the receipt, analysis, gathering, and sharing of threat-related information between federal; state, local, tribal, territorial (SLTT); and private sector partners.
