Regional Training Course on Supporting Women for Nuclear Science Education and Communication:

A Continuing Education Programme for Female University Science Teachers and Science Communication Professionals

30 November–11 December 2020

The training course will be held virtually

The training course is aimed at women educators in science related fields with teaching responsibilities, and science journalists from Africa, Asia and the Pacific, Europe and Latin America and the Caribbean.

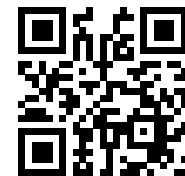

Through both communal and targeted activities, including lectures, group work, presentations and virtual facility visits, complementary approaches and connectivity will be instilled for teaching nuclear technologies and informing about nuclear technologies.

Applications:

Deadline: 15 October 2020

Apply through [InTouch+ platform](#)
